Wellbeing for Life:
A toolkit of resources to support people as they get older

The Wellbeing for Life toolkit brings together a range of resources to promote awareness and understanding about getting older with a learning disability and living well with dementia.

Each theme contains various resources, including E-learning modules, films, MacIntyre documents for staff, Easy Read information and further reading.

Theme One: Fit for the Future
- Five Ways to Wellbeing
- Challenging Discrimination and Stigma
- Eating and Drinking

Theme Two: Person Centred
- Person Centred Care and Support
- Life Story

Theme Three: Health & Wellbeing
- Access to Healthcare
- Epilepsy in Later Life
- Reducing the Risk of Falls
- Safer Swallowing
- Pain and Distress

Theme Four: Good Support
- Dignity, Respect and Compassion
- Promoting Independence
- Who Else Can Help?

Theme Five: The Dementia Pathway
- Learning Disability and Dementia
- Signs and Symptoms
- Getting a Timely Diagnosis
- Treatment
- Changed Behaviour – *including 12 booklets*
- A Dementia Friendly Environment
- Validation and Reality Orientation
- Living Well with Dementia
- The Emotional Impact
- The Emotional Impact of Dementia: Supporting Peers and Friends

Theme Six: End of Life Care
- Introduction to End of Life Care
- Exploring End of Life Care
- Loss, Change and Grief
- Talking about Death and Dying
- Advance Care Planning
- Continued Care and Support for Everyone after Death
- Care in the Last Days and Hours of Life
- Providing the Best Support
